

Investment in Affordable Housing for Ontario (IAH)

Rent Supplement Component

WHAT IS THE RENT SUPPLEMENT COMPONENT OF THE IAH?

The *Rent Supplement* Component has been designed to help address affordability issues of households in modest rental units across the province. A “rent supplement” is a subsidy paid to the landlord on behalf of a household in need of rental assistance. It is meant to help bridge the gap between the rent that a household can afford to pay and the actual market rent of a modest unit. The IAH program is administered by the Service Manager, the United Counties of Prescott and Russell – Housing Services, and funded by the federal and provincial government.

AM I ELIGIBLE?

To be eligible for the Rent Supplement component, households must be on the social housing waiting list of Prescott and Russell. Furthermore, the combined household income must not exceed the maximum allowable income in their area, and the cost of their rent, including utilities, must not exceed the maximum allowable cost in their area¹. Also, the unit must be modest, in satisfactory state of repair, and be self-contained.

Hostel units, group homes or congregate living arrangements, and nursing and retirement homes are not eligible. Households receiving financial aid in the form of rent-geared-to-income are not eligible.
