4.2.1. Department Heads are responsible for procurement activities within their Department and are accountable for achieving the specific objectives of the procurement project.

- 4.2.4. Before entering into a procurement process, the Department Head shall ensure that the goods or services needed are not already covered under an exclusive Contract agreement binding the Corporation.
- 4.2.5. Department Heads are responsible for approval of accounts within the approved budget for their Department or any amendment thereto as approved by Council. Unspecified expenditures in the annual estimates in excess of \$50,000 require prior Council approval by way of a resolution. All reports by Department Heads recommending such resolutions shall require the CAO's authorization.
- 4.2.7. The Contract is subject to the CAO's approval, when a substantive objection emanating from the Bid Request has been filed with the Department Head.
- 4.2.8. The Contract is subject to the CAO's approval, when a major irregularity precludes the award of a tender to the supplier submitting the lowest responsive Bid.

- 4.2.10. A Department Head may delegate his authority to a Manager, Supervisor, or Designate, provided the Designate follows the requirements of this Policy. The CAO must approve any such appointment in writing, and the appointment must specify the maximum amount up to which the Purchasing Designate has authority to purchase goods and services. A copy of the appointment must be forwarded to the Finance Department.

8.3. The purchase order must be authorized by the proper signing authority.

8.4. A purchase order is not required for items included in Schedule “F”—Exclusion.

9. Purchasing Mechanisms

9.1. The estimated expenditure value of the goods and/or services requirements will determine the purchasing mechanism to be used as per Schedule “A”—Methods of Procurement. Financial limit amounts do not include taxes and freight charges. In the case of multi-year Contracts, the estimated expenditure value will be the estimated annual expenditure under the Contract.

9.2. Request for Quotations

9.2.1. A Department Head or Purchasing Designate shall be authorized to make purchases of goods and services for estimated expenditures exceeding \$10,000 but not exceeding \$50,000 from a supplier upon such terms and conditions as the Department Head deems appropriate subject to first (1st) obtaining at least three (3) Bids whenever possible. Request for Quotations documents and specifications (as applicable) shall be published on the <https://prescott-russell.bidsandtenders.ca> website. Documents will be received electronically through the Bidding System.

9.2.2. The evaluation of proposals received for a Request for Quotations is based solely on price, subject to the exercise of the discretionary provisions contained within this Policy.

9.2.3. A Department Head may elect to prepare a Request for Quotations for estimated expenditures under \$10,000, either through the Bidding System or by email.

9.2.4. Exclusions: Single item purchases, including those based on complex specifications or requirements, must be issued in a formal RFT document. (For example, the purchase of a new vehicle, equipment, etc.)

9.2.5. When the selected Bid exceeds the approved budget appropriation by 10%, the Department Head shall submit a report to the CAO for direction or approval, in accordance with responsibilities set in section 4.2.5.

shall include the main requirements as per Schedule “B”—Request for Tenders (RFT).

- 9.3.2. Subject to the application of Section 9.4.3 below, a Department Head shall prepare a RFT for goods or services exceeding \$50,000 unless specifically authorized to do so by way of a Council resolution prior to making the purchase. In the case of a Bid request by invitation, at least three (3) Vendors must be invited.
- 9.3.3. When several Departments come together to make purchases of the same type, the value of \$50,000 will be considered by Department rather than for the total purchase of the group.
- 9.3.4. When the selected Bid exceeds the approved budget appropriation by the lowest of 10% or \$100,000, the Department Head shall submit a report for direction or approval, in accordance with responsibilities set in section 4.2.5.
- 9.3.5. When the RFT process is completed but the purchase is postponed, the Bid results may be used to award the Contract for a twelve (12)-month period providing pricing remains available. When the purchase is made within twelve (12) months, and the amounts are budgeted for, the RFT process will continue as if no interruption had occurred. When the purchase is made within twelve (12) months, but the amounts exceed the budget, the Department Head shall submit a report to the CAO for direction or approval. When the purchase is made later than twelve (12) months, the RFT process must be repeated.
- 9.3.6. When additional work not included in the original Bid is deemed required, refer to section 31 of this Policy.

9.4. Request for Proposals (RFP)

- 9.4.2. Subject to the application of section 9.4.3 below, a Department Head shall prepare a RFP for goods or services exceeding \$50,000 unless specifically authorized to do so by way of a Council resolution prior to making the purchase. In the case of a bid request by invitation, at least three (3) Vendors must be invited.

- 9.4.3.** A Department Head may use a RFP instead of a RFT or Request for Quotations when goods or services cannot be precisely stipulated, or when alternative methods are being sought to meet certain requirements of the Corporation.
- 9.4.4.** When a RFP is used, bids may be evaluated with a scoring system where the price is one (1) of the evaluation criteria. In this case, the Bidder achieving the highest score based on the RFP's set criteria will be awarded the Contract, even though it may not be the lowest Bidder.
- 9.4.5.** A Multi-Step Bid Request process may be used when a RFP is issued. In this process, the first (1st) step may require the submission of technical and price Bids, with only the technical Bid being evaluated and scored. The second (2nd) step involves the opening of price Bid(s) of those Bidders which have achieved the highest or have met or exceeded the stated minimum technical score(s) required, which demonstrates that the Bidder is qualified to move to the second (2nd) step.
- 9.4.6.** When the selected Bid exceeds the approved budget allocation by the lowest of 10% or \$100,000, the Department Head shall submit a report for direction or approval, in accordance with responsibilities set in section 4.2.5.
- 9.4.7.** When additional work not included in the original Bid is deemed required, refer to section 31 of this Policy.

or

 - d. due to market conditions, required goods/services are in short supply;
 - e. the required goods/services are to be supplied by a particular Bidder having special knowledge, skill, expertise, or experience, which cannot be provided by any other person; or
 - f. the nature of the requirement is such that it would not be in the public interest to solicit competitive Bids, as in the case of security or confidential matters.
- 10.1.4.** An attempt to purchase the required goods/services has been made in good faith, using a competitive Bid process, and has failed to identify a successful Bidder;
- 10.1.5.** The required goods/services are to be supplied as a result of an emergency as covered under section 17.
- 10.1.6.** Where it is deemed to be in the best interests of the Corporation to negotiate with the Bidder as covered under section 18.

To meet the reporting requirements from the Trade Agreements in place, regarding the use of limited tendering for purchases at/or above the threshold, the following information shall be entered into the electronic tendering system:
- a. the name of Vendor;
 - b. the value of the procurement;
 - c. the kind of goods and services procured; and

- d. the circumstances and conditions under which the limited tendering exception is claimed.

18.3.2. The business case must be approved in accordance with responsibilities set in section 4.2.5 and sent to the Finance Department.

19. Exemptions

19.1. A Department Head may request exemption from any or all of the purchasing processes outlined in this Policy by submitting a written report requesting same to the CAO. Any exemption must be requested and approved in writing, prior to making the purchase or signing a Contract, and a copy must be forwarded to the Finance Department. Any request above \$50,000 must have Council's approval prior to making the purchase or signing a Contract. Requests below \$50,000 require approval by the CAO.

19.2. When the CAO requires the exemption, his request shall be approved by Council.

20. Exclusions

20.1. Notwithstanding the requirements of this Procurement Policy, the goods and services identified in Schedule "F"—Exclusion herein can be purchased without a competitive process and do not require the issuance of a purchase order.

20.2. A listing of the Corporation's Partners will be prepared by the Clerk's Office in order to verify item 4 f) in Schedule "F"—Exclusion.

21. Advertising

- 21.1. All Formal Bid Requests and Quotations shall be advertised on the <https://prescott-russell.bidsandtenders.ca> website. A link for this website is available on the Corporation's website.

24. Bid Dispute

- 24.1. 28.8.2. Failure to execute the Contract or to file satisfactory bonds and insurance policies and WSIB clearance letter as required by the Bid Request document within the specified period shall be just cause for the cancellation of the Contract award and the forfeiture of the Bid Deposit to the Corporation, not as penalty, but in liquidation of damages sustained. The Corporation shall then have the right to award the Contract to any other Bidder or to reissue the Bid Request documents.

28.9. Payments to the Contractor, holdbacks and their release, as well as certificates of substantial performance and completion under this Contract shall be in full compliance with the provisions of *The Construction Act*, R.S.O. 1990, unless otherwise specified.

28.10. In his or its Bid price, the Bidder shall be deemed to have made due allowance for the publication of a copy of the certificate of substantial performance as set out in the regulations, in order to facilitate the holdback release under the substantial performance certificate.

The submission of all bids must include a declaration by the Bidder that there is no actual, potential, or perceived conflict of interest in that Bidder submitting a Bid in respect of that Procurement Process, or where there is an actual, potential, or perceived conflict of interest, the Bidder must provide details of the conflict of interest. Where a Bidder submits details in respect of an actual, potential, or perceived conflict of interest, the Department Head shall review the details and, in consultation with the Corporation's Legal Advisor, determine if the actual, potential, or perceived conflict of interest serves to disqualify that Bidder from further participation in the Procurement Process.

- 30.3.** The Corporation shall make no purchase of goods or services for the personal use of elected or appointed Officials or employees or any member of their respective families.

 - 31.1.1.** The Corporation will provide a written description of the additional work, items, or services, and where required, detailed plans;
 - 31.1.2.** The Contractor will provide a written estimate of the cost to perform, which estimate will include (as applicable):

 - 31.1.3.** The Contractor will set out in writing any impact the additional work or services will have on the project schedule, if any.
- 31.2.** If the additional work or services not included in the original Bid request are identified and deemed necessary or desirable by the Corporation either prior to, during, or after the performance of the services exceed the approved budget allocation by the lowest of 10% or \$100,000, the Department Head

shall submit a report for direction or approval, in accordance with responsibilities set in section 4.2.5.

- 31.3.** The Corporation shall not be liable for the cost of any additional work performed by the Contractor, unless such work or services have been authorized in writing by the Corporation.

32. Extension of Contract

- 32.1.** Contracts may include extensions to the term of the agreement as set out in the Bid Request. Extending the term of agreement beyond that set out in the Bid Request amounts to a non-competitive procurement where the extension affects value and/or stated deliverables of procurement. In such situations, approval from an appropriate authority as per section 4.2.5 must be obtained prior to proceeding with the extension.

33. Suppliers in Litigation

- 33.1.** Except as otherwise permitted in section 33.2, a bid from a supplier shall be rejected if the supplier, any affiliate of the supplier, or any principal, officer, or director of the supplier, directly or indirectly through another corporation or other business entity:

33.2.1. there is an emergency;

33.2.2. the acquisition is a sole source acquisition;

33.2.3. the Corporation is legally obligated to enter into the Contract;

33.2.4. where the Corporation has been named as plaintiff or defendant pursuant to a subrogated interest, an appropriate arrangement has been made to indemnify the Corporation; or

33.2.5. where the amount in dispute in the litigation does not exceed \$100,000, the award of the Contract would be in the best interests of the Corporation, based on the consideration of factors that include, but are not limited to:

- a. the supplier's performance under previous Contracts with the Corporation;
- b. the Corporation's claims history with the supplier; and
- c. an assessment of the overall risk and total cost in entering into a Contract with the supplier.

34. Local Preference

34.1. The following legislative documents prohibit municipalities from adopting a Local Preference Policy:

34.1.1. The *Discriminatory Business Practices Act* (R.S.O. 1990, Chapter D12), as amended;

34.1.2. CFTA; and

34.1.3. CETA.

34.2. The primary objective of the purchasing process is to acquire goods/services at the lowest possible cost, consistent with the demands of suitability, quality, service, and delivery capabilities.

34.3. If in the determination of the Department Head, a competitive market exists and two (2) or more compliant Bids are received and are identical in price, and provided suitability, quality, service, and delivery are similar, then priority of acceptance may be made first (1st) for a local Bid, if any, then, for a regional Bid, if any; otherwise, the Department Head will proceed to procure "best and final offers" from Bidders involved in order to break the tie.

35. Administration

35.1. No Contract or purchase shall be divided to avoid any requirements of this Procurement Policy.

35.2. Subject to the Discretionary Powers set out in this Policy, in all purchases, price shall be the prime selection criteria before any special provisions, additions, or deletions are calculated into the Bid price, providing that all specification requirements are met. Such specifications are to be generic or described as "equivalent". All factors influencing the purchasing decision are to be included in the specifications.

35.3. Performance evaluations may be undertaken on suppliers. These evaluations may be used to reject a supplier in future Bid Requests.

35.4. All invoices from suppliers shall be approved before payment.

35.5. Between the last regular meeting of Council in any year and the adoption of budget estimates for the next year, the Treasurer is authorized to pay the accounts of any ordinary business transactions of the Corporation that are required to maintain services. This shall include the payment of accounts for previously approved capital items and projects.

After the adoption of budget estimates, the Treasurer is authorized to pay the accounts approved by the Department Head and to pay Contract accounts upon receipt of evidence of value received and approval of the Department Head.

35.6. The Corporation shall endeavour to standardize all goods and services to allow for bulk purchasing and the related financial economies of scale.

36. Retention of Documents

36.1. All background information submitted by suppliers, purchase orders, and other relevant information involved in obtaining prices for goods and services shall be retained in the originating Department, as per the Records Management System By-law.

Specifications must be specific enough to give all Bidders sufficient information to provide a Bid that will meet or exceed the requirement but general enough that it allows an equal opportunity to Bid.
